Affiliate Marketing VSL Template

There are actually many affiliate marketers promoting the same products as you, which is why you need to stand out among them.

One of the ways to stand out is to use video salesletter (VSL) to promote the products. This way, you engage your visitors more directly, as compared to only reading text.

This will give you a better guideline for the extended training below.

However, you need to know exactly the steps in preparing a good affiliate marketing VSL script.

This is why, I've prepared this template for you to use.

Let's get started...

1. INTRODUCTION

Example 1:

Hey, it's YOUR NAME here and I'm really excited to be bringing you something that's going to DO WHAT (e.g. automate your Facebook Posts) and it's going to do it all HOW (e.g. using a simple trick).

Example 2:

It's YOUR NAME here, and I'd like to share something that I believe is really going to DO WHAT. It's called NAME OF PRODUCT and it's totally changing the game for DOING WHAT.

Example 3:

Hi, my name is YOUR NAME and today I'm going to be reviewing the PRODUCT/SERVICE called NAME

Example 4:

Hello, my name is YOUR NAME and today I'd like to share with you a few thought about the PRODUCT/SERVICE called NAME

2. DESCRIPTION

Example 1:

NAME has been promoted as the BRIEF DESCRIPTION (e.g. the Facebook automation system) that's going to help you DO WHAT.

I'd like to warn you that these are my thoughts only, about NAME that claims to be able to DO WHAT to help you BENEFIT.

Example 2:

NAME has just hit the market and is promising its users to DO WHAT which, while sounds WHAT (e.g. promising), is really WHAT 2 (e.g. a genius idea for business owners)

Example 3:

NAME is about to hit the market on DATE and people are lining up in order to take advantage of the benefits it's promising such as BENEFIT 1, BENEFIT 2 and BENEFIT 3.

I managed to get review access to NAME and here's a few of my thoughts.

3. YOUR THOUGHTS

Example 1:

Firstly, I'd like to start off with the fact that NAME is a WHAT (e.g. genius/good/bad) product. It's entire concept is around DOING WHAT, and it makes it quite EASY/HARD (i.e. pick one) to ACTION (e.g. schedule posts).

Example 2:

My initial thoughts about NAME was that it was going to DO WHAT (e.g. make it easier) for users to DO WHAT 2 (e.g. schedule posts), and upon further investigation, the product DOES/DOES NOT (i.e. pick one) deliver.

4. DASHBOARD (If Selling Software)

Example 1:

NAME's Dashboard is WHAT (very user friendly) and it's HARD/EASY to find your way around through to the WHAT 1 (e.g. software), WHAT 2 (e.g. training) and even WHAT 3 (e.g. bonuses) in the members area.

Example 2:

Let's talk about the dashboard: it makes it super HARD/EASY to follow using its interface so when a user logs in, they are greeted with WHAT that takes them through to WHAT 2

5. ACTUAL SOFTWARE/PRODUCT

The use-ability of the actual product is promoted to be WHAT and I have to say, I was FEELING (e.g. amazed, disappointed) to find that it also DOES WHAT (e.g. lets you see all your Pages in one place).

This user-friendly product makes it easy, even for someone starting out to find their way around – it lets you ACTION 1 (e.g. set up your own App), ACTION 2 (e.g. select the posts) and then ACTION 3 (e.g. choose the Page you want to post to). It's genius is in the fact that it lets you DO WHAT (e.g. schedule recurring posts) for WHO (e.g. your clients) easily and effortlessly, with just WHAT (e.g. a few clicks of the mouse).

6. TRAINING (If Selling Courses Instead of Software)

The members dashboard features AMOUNT (e.g. 10) WHAT (e.g. videos) and subsequent WHAT 2 (e.g. guides) that take you through each step of what you need to do to get started.

Inside the members area, you will also find IN-DEPTH/VAGUE training that takes you through the steps of how to set everything up.

OPTIONAL: WALK-THRU

Let me show you how quickly and easily this thing is to use. Let's say I have WHAT (e.g. a Facebook Page) that I want to WHAT 2 (e.g. update). All I need to do is open up NAME, DO WHAT 3 (e.g. go into the software), DO WHAT 4 (e.g. schedule my content) and I can even DO WHAT 5. I then go in to DO WHAT 6 (e.g. review the post in the dashboard), and DO WHAT 7 (e.g. wait for the post to go out). And that's it!

7. CONCLUSION

So you've seen what it does, and what's included inside. There's a whole lot more functions such as FUNCTION 1, FUNCTION 2 and FUNCTION 3 that will let you get even more out of WHAT (e.g. your Facebook Posts).

If I did have one thing I would change in NAME, it would be the ability to

DO WHAT, however I believe there is an option to do that with WHAT (e.g. the OTO, another product name) so it's not an issue, but still something to note.

8. BONUSES

Plus, don't forget, if you do decide to purchase, you'll also find that there are AMOUNT of bonuses in the WHERE (e.g. members area).

Plus, I was also pleasantly surprised to find that all who purchase will also find that there are AMOUNT of bonuses in the WHERE (e.g. members area) featuring ones that will help you DO WHAT.

Plus, I was also surprised to find that there were no bonuses offered, which is a shame because there's a number of inclusions where they could have helped in order to increase the attractiveness of the offer.

9. FINAL THOUGHTS

So, if you do decide to purchase, I've also decided to throw in some of my own bonuses that I feel will help you get the most out of NAME alongside it.

Overall, I feel NAME is a WHAT KIND (e.g. amazing) product that will deliver on what it promises: DOING WHAT (e.g. helping you collect more leads) so if this is something you have been looking for, it's now available!

Overall, this is a product I WOULD/WOULD NOT (i.e. pick one) recommend if you are after something that is truly going to DO WHAT.

10. CALL TO ACTION

If you're ready to take the plunge, and get more WHAT in WHAT 2 (e.g. your business), just click on the BUY NOW/GET ACCESS (i.e. pick one) WHERE (e.g. below) to get access to the incredible product bundle that is NAME

So if you're convinced that this incredible offer is really going to DO WHAT for you, I invite you to head WHERE (e.g. down) and click on the

BUY NOW/GET ACCESS (i.e. pick one) button

11. CLOSE

And I look forward to hearing how you get on.

And I look forward to hearing your success stories with NAME. This is YOUR NAME and I'll see you soon!

This is YOUR NAME and I'll see you later.

I truly hope this product will blow away your expectations, like it did mine. I believe this is going to be a worthwhile investment on your part in your WHAT (e.g. business), and I look forward to hearing your success stories.

By using this template, you will make more affiliate commissions as compared with other average affiliate marketers.
